

Interpump

Water specialists delivering pump and water treatment solutions

Since 1982 we have provided industry-leading knowledge with in-house design and engineering expertise. We deliver superior after-sales support for our many customers, servicing residential, commercial, municipal, industrial and agricultural markets.

- **Pumps** – pumps and drives, system engineering, package design and fabrication, start-up, commissioning and training
- **Water Treatment** – water analysis and applied equipment for softening, filtration, reverse osmosis and purification
- **Rainwater Harvesting** – plus other sustainable water reuse solutions through our Net Zero Water brand (www.netzerowater.ca)
